

Maya Schlesinger

Ph.D. Student, Department of Computer Science, Tel Aviv University
maya.schlesinger@gmail.com | <https://maya-schles.github.io/>

Education

Ph.D. in Computer Science, Tel Aviv University 2024 – Present
In the field of Algorithmic Game Theory. Advisor: Prof. Michal Feldman.

M.Sc. in Computer Science, Tel Aviv University 2022 – 2024
Graduated with honors in the field of Algorithmic Game Theory.
Thesis title: “On the (In)approximability of Combinatorial Contracts.” Advisor: Prof. Michal Feldman.
Thesis Grade: 99. Defense Grade: 97. Course GPA: 99.

B.Sc. in Computer Science and Mathematics, Tel Aviv University 2018 – 2022
Participated in honors B.Sc. program in computer science, including a research project with Prof. Michal Feldman.
Computer Science GPA: 96 (Summa Cum Laude). Mathematics GPA: 90 (Magna Cum Laude).

Papers (authors listed in alphabetical order)

- Tomer Ezra, Michal Feldman, Maya Schlesinger. “*On the (In)approximability of Combinatorial Contracts.*” ITCS 2024.
- Michal Feldman, Yoav Gal-Tzur, Tomasz Ponitka, Maya Schlesinger. “*Budget-Feasible Contract Design.*” EC 2025.
- Tomer Ezra, Michal Feldman, Maya Schlesinger. “*Contract Design for Sequential Actions.*” SODA 2026.
- Michal Feldman, Yoav Gal-Tzur, Tomasz Ponitka, Maya Schlesinger. “*One Action Too Many: Inapproximability of Budgeted Combinatorial Contracts.*” ITCS 2026.
- Michal Feldman, Yoav Gal-Tzur, Tomasz Ponitka, Maya Schlesinger. “*Equal-Pay Contracts.*” In submission.
- Elizabeth Baldwin, Paul Dütting, Michal Feldman, Maya Schlesinger “Combinatorial Contracts Through Demand Types.” In submission.

Awards

- **The Boaz Trakhtenbrot Centennial Scholarship** 2025
Awarded for my paper “On the (In)approximability of Combinatorial Contracts.”
- **Adams Fellowship** 2026
Awarded by the Israeli Academy of Sciences and Humanities; a highly competitive national Ph.D. fellowship granted annually to eight fellows across all scientific disciplines.

Talks

- “*Contract Design with Combinatorial Actions.*” Computation and Economics Seminar, the Hebrew University of Jerusalem, March 2024.
- “*Contract Design for Sequential Actions.*” Gender Inclusion Workshop, EC 2024.
- “*Budget-Feasible Contract Design.*” EC 2025.
- “*One Action Too Many: Inapproximability of Budgeted Combinatorial Contracts.*” ITCS 2026.

Academic Service

- **Program Committee Member:** ACM Conference on Economics and Computation (EC) 2026.
- **Reviewer:** IEEE Symposium On Foundations Of Computer Science (FOCS) 2026.
- **Program Committee Member:** Easy Peasy Workshop (EC) 2026.

Teaching Experience

- Teaching Assistant – Discrete Mathematics 2. Tel Aviv University. Spring 2025, Fall 2025.
- Teaching Assistant – Algorithmic Game Theory. Tel Aviv University. Spring 2026.
